

Dear NMSS Family,

It is with great pleasure to share the updated version of NMSS website on behalf of NMSS 29th Executive body.

Nepal Medical Students' Society (NMSS) is a non-political and till date the only authorized body of medical students in the country whose executive body is chosen every year by democratic principles. We are overwhelmed with the positive response we have received from different medical colleges throughout the country during our process of extension. For those who have missed to take our membership please contact our 29th EB, we are here to help you always.

Established from a group of IOMites back in 1985 AD NMSS is committed to thrive for the betterment of medical academics, welfare of medical fraternity and fulfillment of social accountability. In the journey of 26 years, NMSS has toiled hard to gain recognition in local, national and international levels.

We have done various activities this year, beginning with First Aid Training, Health camp, World Heart day, AIDS day, Inter-medical Fiestas and Public Awareness. We also continued the good works of previous Executive body. We have done some of our own which are Mental Health Day, World Peace day, World Antibiotic awareness week and various surveys. This wouldn't have been possible without the support of our national officers, volunteers and every member of this society. It is our humble request to keep in touch with NMSS activities via our official facebook page www.facebook.com/imfsanepal & facebook group www.facebook.com/groups/nmssnepal.
